

QPHS Year 13 3D Design Curriculum Map

Term	Title	Unit summary	Assessment
1 2 3	Personal Investigation	Students will choose a personal theme to investigate over a set period of time. They will work independently and develop their ideas and experiments using 3D making techniques, reviewing and refining their work as it progresses. Their aim is to develop a sustained response and set of outcomes that represent their chosen area of study.	<p>Work is assessed holistically and will evidence students ability to:</p> <p>A01 Analyse designers work A02 Experiment with ideas, materials and 3D Design techniques A03 Record ideas and observations A04 Present final 3D Design ideas</p>
3 4	Externally Set Assignment	Students will have a choice of eight different starting points and they must select and respond to one, from their chosen question. They will work independently and develop their ideas and experiments, reviewing and refining their work as it progresses. Their aim is to develop an individual personal outcome in 3 Dimensions within the 15-hour timed session.	<p>Work is assessed holistically and will evidence students ability to:</p> <p>A01 Analyse designers work A02 Experiment with ideas, materials and 3D Design techniques A03 Record ideas and observations A04 Present final 3D Design ideas</p>
