

## QUEEN'S PARK HIGH SCHOOL

### **Re: Sixth Form Catch-up Funding**

Students who in our 6th Form who have not yet achieved a grade 4 in either their English language or maths GCSEs will have access to a programme of small group (fewer than 5) intervention sessions which will take place out of school hours. These sessions, delivered by subject teachers, will be funded from the catch-up grant awarded to the school as part of the DfE's recovery package of support.

This equates to around £1500 in tuition support.

In addition, students in Year 13 who have achieved the grade 4 (or lower) are also entitled to support in their wider curriculum subjects. Various subjects will be delivering bespoke additional, small group (max 5) tuition throughout the Spring and early Summer terms to support these students in their studies.

This equates to around £1275 in additional tuition support.

Students will be contacted directly by their subject teachers if this option is available to them.
