# *my***EVOLVE**

#### www.myevolve.online

We are delighted to introduce you to **myEVOLVE**, our chosen online system for managing consent and bookings for educational visits and activities.

We will send you details of forthcoming educational visits and activities to your registered email address with the school. Each email will contain a secure link, enabling you to make a booking or register your interest for an activity, make a payment, and also grant electronic consent... all in one, easy place.

Please note the emails will come from this email address:

# The Learning Trust <evolve.notifications@edufocus.co.uk>

Whilst you can take action directly from those email invitations without logging in, you will have the option to create a myEVOLVE account should you wish.

Creating a myEVOLVE account is optional and does not preclude you from making a booking or payment or completing a consent form directly from the secure links within the email invitations. However, by creating a myEVOLVE account, you can centrally manage all previous and forthcoming activities, including browsing What's On, managing your bookings, reviewing outstanding and previous consent forms and payments etc.

What's more, once you have created an account you can download the myEVOLVE app from the Apple Store or Google Play Store and easily manage everything from your smart phone or tablet.

#### **Next Steps**

Here is an activation link that you can use to create an account: <u>Registration Link QPHS</u> The link will take you to a page where you choose the option that you are a parent/carer.
