

# Tariff Increase

abm Catering have provided catering services for The Learning Trust since September 2024, at this time the 2023/24 tariff was not increased.

Between January 2020 and July 2025, food and non-alcoholic drink prices rose 37%, compared with 28% for overall UK inflation. Milk, cheese, eggs, and oils saw the steepest increases.

At this time The Learning Trust and abm have taken the decision to align the tariff across secondary locations and it is necessary to increase some of the tariffs to cover the rise in food costs. This will take effect 1<sup>st</sup> January 2026

Our meal deals will be just £2.40 to include a main meal, side, dessert and unlimited hydration station which continues to be excellent value for money.
