Local Offer	In response to the Children and Families Bill, Local Authorities are required to publish information about the provision that is available in their area for children and young people from 0 – 25 who have special education needs. This is called the local offer. The link to the local offer for Cheshire West and Chester is http://www.westcheshirelocaloffer.co.uk/kb5/cheshirewestandchester/directory/home.page (SEN Local Offer)
Introduction	The 2014 SEN Code of Practice (SEN CoP) puts a greater emphasis on improving outcomes for students, setting high aspirations and expectations rather than on hours of provision and/or support. All children and young people are entitled to a broad and balanced curriculum to make progress so that they: <ul style="list-style-type: none"> • achieve their best • become confident individuals living fulfilling lives • make a successful transition into adulthood, whether into employment, further or higher education or training.
1a. How does the school know if young people need extra help?	<ul style="list-style-type: none"> • Year 6- Year 7 transition: <ul style="list-style-type: none"> ○ Close liaison with the feeder primary schools including SEN questionnaire, completion of transition for inclusion documents meetings with Headteacher, Y6 teacher or SENCO. ○ Literacy screening (spelling/reading). ○ Scrutiny of KS2 data. • Year 7 onwards: <ul style="list-style-type: none"> ○ Close liaison with Heads of Key Stage, Heads of Department Form Tutors and Class Teachers to raise any possible student concerns. ○ Communication with parents – by email – telephone – face to face meetings and Parents Evenings. ○ Progression to multi agency action plan/ Team Around the Family (TAF) involving, where necessary, outside agency professionals to support school and parents in realising progress for student. ○ Year 7 and Post Year 7 – regular meetings take place with Heads of Key Stages and SENCO to consider student progress, to review individual action plans and to discuss the possibility of any emerging SEN for any student. ○ A confidential list of names of those children who have additional needs is compiled and this information is disseminated to all teaching staff via the SEN register which is linked to the School SIMS system. This is a working document and is updated each time a change is made.

	<ul style="list-style-type: none"> ○ Students who do not currently require action are monitored at each report cycle and recorded as code 'N'. Students who have additional educational needs, requiring additional provision are recorded as code 'K'. Students who have more complex additional needs and who hold a Education Health Care Plan are recorded as code 'E'. ○ Staff training on SEN is delivered annually as part of the School Staff Continual Professional Development Programme. ○ Information around the various SEN and Quality First Teaching strategies are available to staff.
<p>1b. What should I do if I think my young person may have special educational need? How will I be able to raise any concerns which I may have?</p>	<ul style="list-style-type: none"> ● Make contact with School SENCO via email (s.williams@qphs.co.uk) or phone (01244 981500) to raise your concern and if necessary or upon request your SENCO will invite you in for an appointment to discuss the situation and to write an action plan where necessary. ● The school currently caters for Students with the following SEN: <ul style="list-style-type: none"> ○ Literacy needs ○ Dyslexia ○ Numeracy needs ○ Autism (Including Asperger's Syndrome) ○ Social Communication Issues ○ Speech and Language Needs ○ ADHD ○ ODD ○ Hearing Impairments ○ Visual Impairments ○ Physical Impairments ○ Eating disorders ○ Diabetes ○ Anxiety ○ OCD <p>This list is not exhaustive and in addition to these areas of SEN we will happily discuss any other SEN and discuss how we can work together to manage the specific need(s) and provide the most appropriate support.</p>
<p>2: How will the school staff support my young person?</p>	<ul style="list-style-type: none"> ● The severity of the young person's needs determine who will oversee the action plan. The school follows the graduated approach, in the first instance it is likely to be their Form Tutor followed by their Head of Key Stage ● Heads of Key Stage meet regularly with the School SENCO where data is analysed, cases are discussed and where necessary are progressed to the SEN department for additional action. ● Various interventions are offered by the SEN Department. They are managed and overseen by the School SENCO and Deputy SENCO. ● The profile of your child's needs determines who will deliver and the frequency of interventions. Interventions are carried out in School by the SEN Department staff which is made up of Teaching Assistants– as well as by teaching staff from the Maths and the English Department. In some cases outside agency professionals work with the SEN Staff – usually to carry out assessments and to advise the staff on the work that needs to be undertaken. ● SEN support could also be where intervention alone has not helped the child to make adequate progress, and the school asks for outside advice from the LA's support services, or from health or social work professionals such as speech and language therapists, occupational therapists, the Local Authority Educational Psychologist, the autism team or a medical diagnosis and report giving recommendations. ● Most children will have their additional educational needs met by their school

	<p>through SEN support, but that will not be possible all the time. If a child's needs cannot be met through SEN support, the LA may consider the need for statutory assessment made by a parent/carer or school and if appropriate, makes a multi-disciplinary assessment to consider the need for an Educational Health Plan. The local offer for Cheshire West and Chester can be found at http://www.westcheshirelocaloffer.co.uk/kb5/cheshirewestandchester/directory/home.page</p> <ul style="list-style-type: none"> • The Specialist Professionals from the various Outside Agencies usually make contact with parents/carers and explain their role and the work to be carried out. • The SEN Department has a Link SEN Governor. • The School offers full communication to parents via email, phone calls and in person at pre-arranged meetings and Parent's Evenings. • The impact of interventions is reviewed regularly and progress, where necessary, is reported to parents and explained to students. • Interventions are reviewed together by the SEN department and overseen by the relevant Senior Leadership Team Line Manager. Interventions are modified as required. Ineffective intervention/ support is withdrawn and consideration of alternative approach given and agreed. • The secure SEN register and information is available confidentially on the School Staff Shared Area so that all members of staff are able to access the required relevant and appropriate information. Supply staff have access to the list of the relevant SEN of the students in school. Parents/ carers are made aware when their child is placed on/ removed from the register
<p>3. How will the curriculum be matched to my young person's needs?</p>	<ul style="list-style-type: none"> • The school follows the graduated approach. All departments hold Quality First Teaching strategies to aid with meeting the needs of individual students. • School INSET time has been used by departments to produce subject specific Quality First Teaching strategies for areas of need and this will continue in the next academic year. • TA time may be used to differentiate materials or to forward teach students in advance of lessons. Where children do not respond to differentiation and do not make adequate progress, where possible, the school will provide additional or different interventions to that normally available to all students of the same age. • When deemed necessary, SENCO will work alongside Heads of Key Stage, teaching staff, parents and students in the co-production of a one page profile detailing teaching strategies specific to the student's needs. • Full staff inset has been delivered on the changes of the new SEN CoP in September 2014. It has been re-emphasised that Strand 5 of the Teaching Standards is the responsibility of all teachers to meet the needs of all students. • The School SEN policy is available on the school website. The policy has been rewritten in line with the new SEN Code of Practice September 2014. • In Key Stage 4 we offer an Alternative Provision Programme.
<p>4a. How will both you and I know how my young person is doing and how will you help me to support my young person's learning?</p>	<ul style="list-style-type: none"> • Depending on the individual needs of your child, the school will either meet with you and your child on a termly basis or via the school parents' evening system. • Contact will be made where necessary about significant things which may happen in school. • You will be involved in planning your young person's education when meeting with the School SENCO. • Parents of students with SEN will be made aware of training events, such as those from Cheshire Autism Practical Support Service (CHAPS) and Events run by CWAC Independent Advice and Support Service. These will either be emailed out or posted on school social media.
<p>4b. What is the pastoral, medical and social support available in the school with</p>	<ul style="list-style-type: none"> • Pastoral support is offered via the form tutor – Head of Key Stage and where necessary via the Emotional Wellbeing Advisor. • Medical support is offered via the School Trained First Aiders. Any medical needs

<p>SEND?</p>	<p>of students can be accessed for staff via SIMS and Edulink.</p> <ul style="list-style-type: none"> • All medicines requiring special administration are held in the school office and administered in line with safeguarding guidelines. Details are recorded by trained staff. • Medical support is also available via the School Health Advisor, who visits the school on a fortnightly basis, offering a drop in and appointment service. School and School Health maintain regular contact. Referrals can also be made to the School Community Paediatric Consultant. • Support to manage behaviour, attendance and emotional health needs of our students is offered in conjunction from the Head of Key Stage, School Behaviour Manager, School Educational Welfare Officer and where necessary with the support of professional outside agency staff such as CAMHS (Child and Adolescent Mental Health Service) and the Medical Needs Education Access Team. • Students are always welcome to attend meetings about themselves and if relevant they can complete a wishes and feelings feedback sheet. The school will make sure that the student understands what the meeting will be about and that it is their opportunity to speak. It will be a non-threatening environment and there will be someone there to support them every step of the way. • Support is in line with Cheshire West and Chester's Local offer which can be found at http://www.westcheshirelocaloffer.co.uk/kb5/cheshirewestandchester/directory/home.page
